🎯 Objective

I have obtained a National Diploma in Information Technology at Walter Sisulu University specialising in Software Development. I am punctual, energetic, self motivated and working towards my career life. I am an analytical thinker and I have demonstrated leadership, planning and strong academic skills. I can effectively work both as a team member and as individual. I am able to identify, visualize and implement solutions to problems. I am reliable, flexible, great communicator and dedicated.

📁 Experience

- **Innovation Hub** 06-June-2022 - 31-May-2023
Software Development Intern
I was designing applications and Websites using HTML CSS and Java language
- **Capaciti** 17-July-2023 -
